Binghamton University Commencement

Events Center • December 11, 2011

Welcome

President C. Peter Magrath, the Binghamton University Council, faculty, alumni and students of Binghamton University, State University of New York, are honored by your presence at the Fall 2011 Commencement ceremony.

Message from
President
C. Peter Magrath

Graduates, parents and special guests: This is a special occasion for Binghamton University as we congratulate and celebrate our students' accomplishments. Commencement represents the culmination of their academic endeavors at Binghamton, and all of us at the University are proud of them.

Commencement is a time to look forward — to new careers, new educational opportunities, and new friends and relationships. Whichever direction today's graduates take, I am confident that they leave Binghamton with a strong foundation for future success. During their years of study at Binghamton, the Class of 2011 has benefitted from a broad range of educational experiences in the classroom and in the community. Their academic achievements have brought acclaim to the University, while their volunteerism and community service have given them unparalleled leadership opportunities. As participants in the Relay for Life, they raised funds for cancer awareness and support; as volunteers for CHOW, the local food bank, they gave food to the hungry. And most remarkable was the service and compassion they showed in assisting the community following the devastating floods of this past September.

During their time at Binghamton, our graduates have expanded their educational and cultural horizons, and learned the technical and professional skills that employers demand. They benefitted from study-abroad and other international experiences, and gained real-world experiences through internships and practica in major firms and organizations. Most important, the academic foundation in the liberal arts gives our students the understanding and perspectives they need to be leaders in the coming decades.

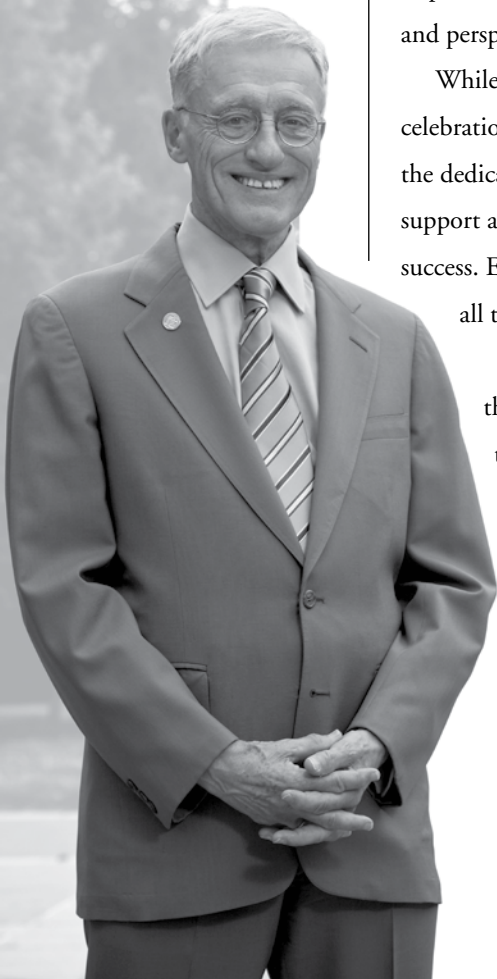

While our focus is on our students, we also understand that Commencement is a shared celebration. It recognizes not only the talents and perseverance of our graduates, but also the dedication and commitment of the outstanding faculty who helped them learn, and the support and guidance provided by families and friends that has been crucial to our graduates' success. Each of them will find special meaning in today's ceremony, and we thank them for all they have done for our students.

This Commencement has special meaning for me as well, as I will be leaving the University for other endeavors. It has been a pleasure and a privilege to witness the achievements of the Class of '11. Graduates, thank you for choosing the State University of New York at Binghamton. I am pleased and proud to celebrate with you today, certain that you are well prepared for the future and that your accomplishments will be significant.

Cordially,

C. Peter Magrath

President, Binghamton University

University Medal

The University Medal is the highest honor Binghamton University bestows and is awarded in recognition of distinguished service to the University, to higher education and to the larger community.

Ravi Gupta

UNIVERSITY MEDAL RECIPIENT

Ravi Gupta received bachelor's degrees in science and in public policy and philosophy from Binghamton University in 2005.

The Staten Island, N.Y., native was awarded a \$26,000 scholarship from the Harry S. Truman Scholarship Foundation in 2004. Gupta was one of 77 winners selected from among 609 candidates from across the country on the basis of leadership potential, intellectual ability and likelihood of "making a difference."

He was also recognized with an honorable mention in the prestigious USA Today Academic All-Star competition that honors undergraduates as representatives of all outstanding students at the nation's colleges and universities.

While at Binghamton, Gupta founded Binghamton Students for Students International (BSSI), a Student Association-chartered group to raise awareness and funds for students in third-world countries. Over the past five years, BSSI has sent 52 students to high school and college as a result of its fundraising efforts. He was also a teaching assistant, captain of the debate team, a volunteer for Red Cross blood drives and a tutor through the Center for Academic Excellence.

Following graduation, Gupta worked as a special assistant to David Axelrod, chief strategist for the Obama for America campaign, and graduated from Yale Law School. He was appointed special assistant to U.S. Ambassador to the United Nations Susan Rice, but made a career change and left the world of politics to return to another passion — education.

He is currently a fellow at Building Excellent Schools, leading a team that is founding Nashville Prep Charter School, a grade 5-12 college-prep school in Nashville, Tenn.

Fall Commencement Ceremony

Sunday, December 11, 2011, Noon

Order of March

The Fall Commencement academic procession forms inside the Events Center, where students and faculty assemble in designated areas. The procession is led by the grand marshal, followed by the various constituencies of the University community.

School and student marshals, the latter carrying banners to identify the student groups, march down the center aisle. Marching immediately after the grand marshal is the Graduate School contingent. The candidates for the doctorate of education and doctorate of philosophy lead the student procession, followed by candidates for the master's degree representing the following programs: Harpur College of Arts and Sciences, College of Community and Public Affairs, School of Education, School of Management and Thomas J. Watson School of Engineering and Applied Science. Candidates for the baccalaureate degree follow the Graduate School in the following order: Thomas J. Watson School of Engineering and Applied Science, College of Community and Public Affairs, School of Management, and Harpur College of Arts and Sciences.

Pipers then lead in the faculty and the platform party in tribute to Robert Harpur, an eminent colonial New Yorker of Scottish heritage whose name is linked with the historic roots of the University. The University president and distinguished members of the platform party, including council members, complete the entrance. The procession ends as the president, grand marshal and other platform party participants take their seats.

About Binghamton University

Binghamton University opened its doors as Triple Cities College in 1946 to serve the needs of local veterans returning from service in World War II. Originally located in Endicott, five miles west of the present campus, the fledgling school was a branch of Syracuse University. Four years later, when the college was incorporated into the State University of New York, it was renamed Harpur College in honor of Robert Harpur, a Colonial teacher, patriot and pioneer, who devoted his later years to settling the area around Binghamton.

Until 1953, Harpur College was one of only two public liberal arts colleges in the state. In 1961, the campus was moved across the Susquehanna River to Vestal. Growing enrollment and a reputation for excellence soon led to the selection of Harpur College as one of four doctorate-granting university centers in the state system. In 1965, the

campus was formally designated the State University of New York at Binghamton. Binghamton University was adopted as its informal name in 1992.

Today, Binghamton University is known for the excellence of its students, faculty, staff and programs, and enrolls nearly 15,000 students in programs leading to bachelor's, master's and doctoral degrees. Nearly 12,000 students are undergraduates, about 3,000 are graduate students. Its curriculum, founded on the liberal arts, has expanded to include selected professional and graduate programs.

The University offers more than 100 major degree programs across its six academic divisions and is recognized as the most selective and prestigious university in the SUNY system. College guides such as the *Fiske Guide to Colleges* have dubbed Binghamton a “premier public university in the Northeast.” Students actively take part in internships, study-

abroad programs, honors programs, Division I athletics and many of the 200+ student organizations on campus. They enjoy attractive, comfortable living-and-learning residences, and they give faculty high marks for being approachable and inspirational.

Binghamton's faculty and students come from almost 100 countries, bringing with them many different cultures and backgrounds and representing a wealth of ideas. It has an excellent research library, outstanding computer facilities, a superb performing arts center, a teaching greenhouse, a 190-acre Nature Preserve, an Events Center and more.

Binghamton is a highly regarded research university, yet, at the same time, is as accessible as a smaller school. Retention is well above national averages, and more undergraduates are admitted into nationally ranked, rigorous graduate programs than is the norm nationally for public research universities.

Academic Regalia

The shapes, colors and trim of gowns, hoods and caps indicate the academic degree, the school granting the degree and the subject of study. The higher the degree, the more elaborate the costume. Gowns are distinguished by the shape of the sleeves. Bachelors' gowns have pointed sleeves, masters' have sleeves cut square at the back and doctors' gowns also have velvet facing and three velvet bars on the sleeves that are either black or a color indicating the degree: dark blue for philosophy; light blue for education; golden yellow for science; lemon yellow for library science; pink for music; orange for engineering; brown

for fine arts; white for arts, letters and humanities; and copper for economics.

Hoods are distinguished by length, lined with the official color(s) of the conferring institution and trimmed with a color indicating the subject in which the degree is granted. Blue and gold, the colors of the State University of New York, are in the hoods of all those who will receive a doctorate today, including honorary degree recipients.

The cap or mortarboard is black, with a long tassel that may be black or the color appropriate to the subject.

Only doctors' caps may have a tassel of gold thread. It is customary for graduates to move tassels from right to left after degrees are conferred.

International Flags

Binghamton University attracts students and scholars from across New York state, the country and the world. The international flags that hang in the Events Center during Commencement ceremonies and at other venues on campus during the academic year represent the more than 100 nations our students hail from. Flown since Commencement 1997, these flags are an important visual reminder that Binghamton University's strength lies in its people who represent a great variety of cultures, backgrounds and ideas.

The University Mace

A gift of the Class of 1993, the University mace represents the magisterial authority of the University as an institution of higher learning. Such symbols go far back into antiquity, their use proclaiming the power of the holder. Today, the mace stands for the pre-eminence of the world of knowledge.

Professor John Thomson of the Department of Studio Art undertook the commission by the Class of 1993 for the University mace. Nearly three feet long, it is made of hand-turned, polished walnut. The spherical head has two inset cast-bronze facets in the shape of medallions. One bears the seal of Binghamton University. The other carries a high-relief rendering of Pegasus, the flying horse of Greek mythology, which as a part of the seal symbolizes the University's aspirations for its future.

Guest Information

Emergency Services. Emergency medical staff is available throughout the day. An EMS station is located on the concourse level of the Events Center. If you need assistance, please contact the closest usher (Ushers may be identified by their volunteer name badges hanging from green lanyards.)

Seating. Guests may remain seated during the processional. Please stand and sing the “National Anthem.” For decorum and the safety of all guests, we ask that the aisles remain clear during the ceremony. Guests are asked to please remain seated until the platform party, faculty and graduates have recessed. Your cooperation is appreciated.

The concourse level is reserved for handicapped-accessible seating. Graduates are seated by school or division. The stage is reserved for the platform party, senior administrators and faculty.

Sign Language Interpretation. Sign language interpretation is provided for the ceremony. The interpreter is located in front of stage right; her image will also be displayed on both overhead screens.

Phones. Guests are asked to please silence their cell phones for the duration of the ceremony.

Photography. So that all may enjoy the majesty of the ceremony and the joy of the occasion, we ask guests to refrain from approaching the platform to take pictures during the ceremony. We ask that you **not** take photos of your student on stage following the ceremony. You are welcome to use the platform in front of the stage with the backdrop of the floral arrangements, flags and University Seal.

Listing of Graduates. Inclusion in the program does not constitute evidence of completion of degree or honors requirements. Students who filed a Fall 2011 Application for Degree with the University by October 28 are guaranteed to be in the program. Those filed after the October 28 deadline may or may not appear, depending on the date of submission.

“BY THE ROLLING HILLS OF BINGHAMTON”

In the rolling hills of Binghamton
’Neath everchanging skies
Where two gently flowing rivers meet,
We form our cherished ties.

Together we spend these years,
United in our aim.
Through our bold pursuit of excellence,
We proudly bear your name.

Refrain:

O Binghamton, we carry thee
With us for all our time
And through us individually
Forever may you shine.
