Submission - Student Design Competition - Deadline May 4, 2012

The Student Design Competition (SDC) is open to undergraduate or graduate students from any discipline who has a creative and innovative design that will assist an individual with a disability to function more independently. Entries are judged on originality, quality of design and usefulness to persons with disabilities. The RESNA SDC has a long history of providing a forum for the work of energetic students representing a wide variety of disciplines including mechanical, electrical and biomedical engineering, computer information science and architecture. SDC winners have frequently moved on to become leaders in the field of Assistive Technology.

Visit <http://aac-lerc.psu.edu/wordpressmu/RESNA-SDC/resna-student-design-competition/> for information about past competitions.

Please visit

<https://docs.google.com/spreadsheet/viewform?formkey=dHNCbnVEZUVjQVVpSWczcG1RQk9lc3c6MA&ifq> to register your intent to submit to the RESNA 2012 Student Design Competition.

The [Student Design Competition Instructions](#) provides information on how to submit your paper, the review process, topic areas, submission requirements and presentation formats. Please read through the instructions carefully. If you have any questions about the submission process please feel free to contact conference@resna.org or Dawn Paulson at 703-524-6686 x315.
