

## Best Practices for Accessing Schedule of Classes on BU Brain

- Do not use Mozilla Firefox when accessing BU Brain. Use another browser such as Internet Explorer, Google Chrome, or Safari.
- Once signed on to BU Brain and at the Schedule of Classes main screen, select the term and click on submit

- At the next screen, select **Advanced Search** (DO NOT select Course Search)

- This will bring you to the screen that will allow you to search for courses. You must select at least one subject. You can select multiple subjects by holding down the shift key when selecting.
